Company at a glance

Spectra International Limited (SIL) is a company of SPECTRA GROUP (Bangladesh), started its business as a proprietorship company called **Spectra International**, and was established in 1990 under the nourishment of the mother company, the then Reza Construction Limited (RCL). **Spectra International Limited** incorporated in 1994, and was set as an engineering company, mostly sharing the engineering activities within the scope of RCL projects. During the process of nurturing, SIL enjoyed financial and management support from RCL.

SIL started its individual identity by taking over the Health Care Division of RCL. Within a short time, it established its own identity. Now SIL are extensively involved in Medical Health Care Sector, High-tech Technology support to Defense services, Energy & Gas Sector and Logistics, among others. SIL have gathered ample and exclusive experience in these sectors by working in collaboration with some world-renowned organizations in various sectors. In the healthcare sector, Spectra International Ltd. commands the market as the leader for its professionalism, care in maintenance supports and proficient human resources.

The company considers Energy and Gas sector as the most prospective field for future business, and it has been maintaining close ties with World Giants in this field for many years in the past. In the process of monitoring the energy sector, SIL has developed a comprehensive understanding of the field, and importantly, it has been able to set up an extraordinary liaison with the Government as well as other departments affiliated with energy & gas business in the country. **SIL is the pioneer company in Bangladesh to promote reciprocating gas compression in Gas Fields (under PETROBANGLA), Power Plants (Under Energy Ministry). Worked and Supported GSI (Wasco), Singapore 10 years from 2006 in Rental Gas Compression Projects and EPC Project.**

Besides, SIL is well familiar with the bidding procedure, which is overall in a strong position to promote any local or international business interest in Bangladesh. SIL has enough capacity to provide logistic and turnkey supply supports as outsource partner for Government, Multinational, Overseas or local entrepreneurs in Bangladesh.

SIL seeks opportunity for any breakthrough in turnkey supply, O & M, logistics or Manufacturing in Bangladesh through possible Joint Venture or may be just alone by itself.

Oil Tankers:

In order to maintain uninterrupted supply fuel to the power stations and other destinations as well, different companies under **Bangladesh Petroleum Corporation (BPC)**, SIL has four Inland Shallow Draft Oil Tankers having capacity of 900 MT each and one unit of Bay Crossing Coastal Oil Tanker having capacity 2000 MT.

Infrastructural Project:

Spectra International Limited working with French Company THALES ALENIA SPACE in Bangabandhu Satellite - 1 Project (Two Ground Stations Construction) in Bangladesh, providing total civil, electrical, mechanical solutions including design (Architectural and Structural).

Office of the Commercial Counsellor
Road No: 2, House No; 7, Baridhara, Dhaka – 1212

Dear Sir,

Reference to our one of the Director's recent meeting with you (Mr. Engr. Nazmul Hasan), we would like to invite you to explore a Tech-Business opportunity in Bangladesh Gas Sector

under PETROBANGLA's subsidiary Company BGFCL (the largest natural gas production company). Our request is to you to find any prospective Turkish EPC Bidder for Natural Gas Compressors and we can work with such bidder as Bangladesh partner/local contractor with Total Solutions for local scopes.

(Single Point Solution for Civil, Mechanical, Design, Construction, Fabrications, NDT, Piping, Welding, Installations, Transport, Logistics, Business Development, Skilled Manpower, Engineers, Technicians etc)

Please note that a recent ongoing International Tender of BGFCL (A subsidiary of Petrobangla) is cancelled by govt. <https://onedrive.live.com/?authkey=%21Am4RtycwAaPs4nE&cid=3222F15E2C74FBA8&id=3222F15E2C74FBA8%211697&parId=root&action=locate> and a Re-Tendering process may start soon.

In new re-tender, terms & conditions may change little to accommodate international bidders to participate (complying the eligibility Clauses/Qualification Criteria). Tech Specs also may change little.

We request your office to forward or to connect any prospective qualified bidder to check the previous/old Tender Document to get a clear idea on specifications/scopes/qualification criteria etc to be prepared for upcoming re-tendering process.

It is approximately 80~100 (+/-) Million USD size project. We need an qualified International Bidder/EPC Contractor to participate in the bidding.

We, **SPECTRA INTERNATIONAL LTD** will works/participate as local partner/subcontractor/total local solution provider (civil, ME/EE/logistics/Installations/Welding/fabrications/biz development).

SPECTRA is the pioneer company in Bangladesh who implemented 3 nos Compressor projects (EPC/Rental) under BGFCL/Cairn Energy/RPCL with WASCO Energy of Singapore/Dubai.

In this render we need a bigger company who has financial capabilities to participate.

Here below is the Link of the Old Tender Document & Addendums. Please download it from online drive. (186 MB). Your kind early reply will be appreciated.

Regards,

M. Morshed
